## THE BEST-IN-CLASS DME ORDERING EXPERIENCE

### Clean Orders

Transparency into Payor requirements for clean, complete orders.

### Digital Communication

A modern customer experience saves time on phone hold.

### Status Updates

Visibility into order process, real-time updates for clinicians and patients.

"It was very easy to put in the order, seek help via chat... and receive updates. I could not believe how fast the supplies were received by the patient."

— Khyati Patel, PharmD, BCACP  
Ambulatory Care Pharmacist, Family Practice Clinic Aurora Medical Center, Kenosha, WI
